Dear Larry:

We were very impressed with the Rock and Pop Master's performance at our Inaugural Celebrate Hope Gala at the USA Mitchell Cancer Institute on November 19, 2009. We are pleased to announce that the event generated over **\$200,000** for cancer research at the USA MCI!

First of all, thank you for working with us on making our event special and one of a kind. We have never hosted a fundraising event of this magnitude. The whole process was very smooth, due to you and your musicians being understanding, prompt, and reliable.

Your music was great and your energy and enthusiasm radiated through your performance. Our guests had tons of positive comments and appreciated your ability to really get the crowd out on the dance floor enjoying the evening!

The Rock and Pop Masters exceeded all expectations we had hoped for this event. We would highly recommend the Rock and Pop Masters to anyone out there looking for great entertainment.

Thank you again and look forward to working with you again in the future.

Sincerely,
