Larry,

I want to thank you and all of the RPM team for a great performance. As you know, we have done twenty of these rock and roll parties over the last twenty years, and this could easily be the best.

Everyone on stage made beautiful music, both in their ability to sing and the versatility with your instruments, but what really sealed your deal was the way you dealt with my customers. You guys were out there signing autographs and having pictures taken. More than one of my invitees has emailed us stating the pictures taken with the group are now on their facebook page. Let me tell you these are sophisticated people, who you wouldn't even think have a facebook page.

Thanks again and please keep in touch. If you perform in Chicago, I'd love to come and see you.

Best regards,

Mitch
